SUMMARY

Aspiring full-stack developer with a strong foundation in web development. Passionate about building practical solutions, enhancing user experiences, and collaborating on impactful projects.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, TypeScript, PHP
- **Frontend Frameworks:** React, Next.js, Tailwind CSS
- **Backend and Databases:** Node.js, MongoDB, Supabase, MySQL

WORK EXPERIENCE

Web Developer (Internship)   July 2025 – November 2025
Creciendo Philippines Inc.   *Quezon City, Philippines*

- Developed and maintained web application features for applicant and client-facing recruitment systems
- Implemented secure authentication, form handling, and data validation to support end-to-end user workflows
- Refactored components and application logic to improve maintainability, performance, and consistency
- Resolved bugs and usability issues across recruitment, onboarding, and document management workflows
- Collaborated on testing, debugging, and iterative improvements within a production environment

Staff   February 2023 – June 2025
Zach's Internet Café   *Valenzuela City, Philippines*

- Assisted walk-in and online customers with printing services (documents, photos, IDs, promotional materials)
- Handled customer service, order processing, and payments
- Performed basic troubleshooting on printers, systems, and network connections
- Managed ice cream orders and maintained product listings and inventory records
- Promoted services via social media and supported brand visibility
- Ensured workstation cleanliness, security, and efficient daily operations

PROJECTS

Context Based Document Assistant | *Next.js, Tailwind CSS, Supabase, LLM*   May 2025
- Led the development of a full-stack, web-based Digital Library Management System (DLMS) with reference management, real-time collaboration, and AI chatbot integration for enhanced user support and search capabilities

Available Flavors List | *HTML, CSS, JavaScript*   June 2025
- Developed a simple web-based checklist tool that generates a formatted list of available ice cream flavors for use in a part-time retail setting

ThreeWanCuties | *HTML, CSS, JavaScript, PHP, MySQL*   December 2024
- Led the development of a full-stack web-based information system designed to support academic coordination, peer recognition, and collaboration for BSIT 3-1 students

EDUCATION

Bachelor of Science in Information Technology   August 2022 – July 2026
Pamantasan ng Lungsod ng Valenzuela   *Valenzuela City, Philippines*

- **Achievements:** Consistent Dean's Lister
  UMAK I.T. Skills Olympics Representative – Java Programming Category
